*I Believe In
Bringing People*
**TOGETHER
TO BUILD**
*A Thriving Sammamish
Community.*

**Sammamish thrives when we LISTEN to each other
and lead with solutions, not noise.**

Too often, decisions in local government are made without input from local residents, including families, seniors, and young people who are simply trying to be heard. I've always believed authentic leadership means listening first and acting together.

First Council candidate RAISED in Sammamish.

I graduated from Eastlake High School in 2001 and founded the *Sammamish Youth Board* to give young people a voice at City Hall. I later established the *Sammamish Independent*, our city's only newspaper, to keep our neighbors informed and connected. Both efforts came from the same belief that strong communities are built when people feel heard, involved, and empowered.

This community raised me, and now I'm raising my kids here. Let's build a Sammamish where every neighbor feels connected, supported, and proud to call this place home. With smart planning, transparency, and a deep commitment to community-first leadership - Together, Sammamish Thrives.

NOT A Slogan - A Commitment.
